

Minimum Eligibility Criteria for Enrollment

1. Academic Prerequisites

Prospective candidates applying for the 4-year, full-time undergraduate Bachelor of Technology (B.Tech) course must fulfill the basic academic requirements specified below:

- **Qualifying Examination:** Must have successfully passed the Higher Secondary School Certificate (10+2) examination, Intermediate Board Education, or any other equivalent central or state-level board exam.
- **Mandatory Subjects Group:** Applicants must have cleared their qualifying examination with Physics, Chemistry, and Mathematics (PCM) as core compulsory subjects.

2. Minimum Marks Matrix

Candidates must possess the minimum aggregate marks threshold in the core PCM group as specified in the official administrative guidelines below:

Category Classification	Minimum Core PCM Percentage	Status Verification Requirement
General Category / Open Competition (OC)	50% Aggregate Marks	Standard Academic Marksheets
Backward Classes (BC)	45% Aggregate Marks	Valid Caste Certificate Issued by Competent Authority
Scheduled Castes (SC) / Scheduled Tribes (ST)	45% Aggregate Marks	Valid Community Certificate Signed by Revenue Officer

3. Mandatory Entrance Examination Score

Direct entry requires qualification and active rank cards from the designated national-level (such as JEE Main) or regional state engineering common entrance tests of the current academic cycle. Candidates must clear the minimum positive cut-off cut score declared by the counseling body during the respective counseling phases.

4. Age Criteria Boundaries

Candidates must complete a minimum age of 16 years as of 31st December of the admission year. There is no maximum upper age restriction boundary imposed on technical engineering program registration.
